Contemporary champions of the new knowledge, such as Richard
Dawkins, Stephen Hawking, and Yuval Noah Harari have sought to
convince us that there is no reality other than that which has
material existence, that human beings are just biological
machines, that there is no such thing as the soul, and that
there is no transcendent meaning or purpose to human life.
Ultimately, this autobiography is about being understood as a
human being, surviving the human condition. Version 3. London:
